Objectives

1. Streamline public transportation networks using intelligent systems to minimize congestion.
2. Optimize routes, and enhance overall travel efficiency.
3. Implement data analytics and monitoring tools to collect and analyze transportation data.
4. Enabling proactive decision-making for route adjustments, maintenance, and resource allocation.

Resource persons

Mrs. T. PAVANI

Eligibility

UG STUDENTS

OUTCOME

1. Intelligent transportation systems lead to optimized traffic flow, reducing congestion and enhancing the overall efficiency of urban transportation.
2. Interconnected infrastructure provides seamless connectivity, making it easier for citizens to access various modes of transportation and navigate the city efficiently.
3. Sustainable practices contribute to a decrease in carbon emissions, promoting cleaner air and a healthier urban environment.
4. User-centric services result in improved passenger satisfaction, making public transportation a more attractive and viable option for citizens.

CHAIRMAN

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

SECRETARY

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers.

Conducting high quality research, developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life.

Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

ABOUT US:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

Chairman

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careerstoo

Secretary

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive. In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

Introduction:

Objectives:

- It also provides a variety of pre-built services which can benefit businesses to build their custom cloud-based solutions.
- AWS is trusted by many firms either it is small or it is big because of the features it provides.

Outcome:

- This will help to grow their organization.
- In addition, AWS Features provides database and storage along with the security.

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

Subject: Request approval to conduct Seminar on" A ONE DAY SEMINAR ON RESEARCH OPPORTUNITIES OF PYTHON NUMPY" -Reg,

Respected Sir,

The Department of Computer Science And Engineering is planning to conduct a Seminar on "RESEARCH OPPORTUNITIES OF PYTHON NUMPY" to III & IV students on 21-09-2018 that benefits the students for the Enhancing their knowledge. The resource person for the Seminar is G.VIJAY KUMAR M.Tech, AssociateProfessor, DepartmentofCSE, Narasaraopet Engineering College, Narasaraopet. We request you to accord approval and grant the required amount for the smooth conduction of the Seminar.

Thanking you sir

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the Department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

About the location:

Introduction:

Objectives:

The Objectives of Python Programming are To learn about Python programming language syntax, semantics, and the runtime environment To be familiarized with universal computer programming concepts like data types, containers To be familiarized with general computer programming concepts like conditional execution, loops & functions To be familiarized with general coding techniques and object-oriented programming

Outcomes:

Develop essential programming skills in computer programming concepts like data types, containers Apply the basics of programming in the Python language Solve coding tasks related conditional execution, loops Solve coding tasks related to the fundamental notions and techniques used in object-oriented programming

CHAIRMAN

Atluri Srinivasa Reddy Chairman
At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

SECRETARY

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers.

Conducting high quality research,

developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life.

Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

Subject: Request approval to conduct workshop on "A TWO DAYS WORKSHOP ON RESEARCH OPPORTUNITIES ON SCRIPTING LANGUAGES-HYPertext PRE-PROCESSOR" -Reg,

Respected Sir,

The Department of Computer Science And Engineering is planning to conduct a workshop on "RESEARCH OPPORTUNITIES ON SCRIPTING LANGUAGES-HYPertext PRE-PROCESSOR" to III & IV students on 06-02-2019 TO 07-02-2019 that benefits the students for the Enhancing their knowledge. The resource person for the workshop is N.GOPALA KRISHNA, Associate Professor, Department of CSE, PNC & Vijay College of Engineering and Technology. we request you to accord approval and grant the required amount for the smooth conduction of the Workshop.

Thanking you sir

Introduction:

OBJECTIVES:

- It demonstrates an in depth understanding of the tools and the scripting languages necessary for design and development of applications dealing with Bio information/ Bio-data
- The instructor is advised to discuss examples in the context of Bio-data/ Bio-information application development.

OUTCOMES:

- To master the theory behind scripting and its relationship to classic programming.
- To survey many of the modern and way cool language features that show up frequently in scripting languages.
- To gain some fluency programming in Ruby, JavaScript, Perl, Python, and related languages.
- To design and implement one's own scripting language.

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM REDDY College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

Introduction:

Objectives:

The Objectives of nanotechnology are to learn about nanotechnology based authentication to be familiarized with universal electronics communication concepts like expectation, Nanotechnology, often shortened to nanotech, is the use of matter on atomic, molecular, and supramolecular scales for industrial purposes. The earliest, widespread description of nanotechnology referred to the particular technological goal of precisely manipulating atoms and molecules for fabrication of macroscale products, also now referred to as molecular nanotechnology

Outcomes:

An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental and economic factors.

PROGRAM REPORT

NAME OF THE EVENT : "A ONE DAY SEMINAR ON RESEARCH ON NANOTECHNOLOGY"
ORGANIZED BY : Department Of ECE
DATES : 11-02-2019
NUMBER OF DAYS : 1
VENUE : Room NO 313
RESOURCE PERSON : K. Sanjeeva Rao, MTech, Asst. Professor,
Department of ECE
CR ENGINEERING COLLEGE, Chilakaluripet.

NUMBER OF PARTICIPANTS : 41

TOPICS COVERED :

- Scanning Probe Techniques.
- Nanofabrication.
- Functional Nanomaterials.
- Molecular Engineering.
- Bio "A ONE DAY SEMINAR ON RESEARCH ON NANOTECHNOLOGY" and Nanomedicine.

PROGRAM OUTCOMES :

- explain the fundamental principles of "A ONE DAY SEMINAR ON RESEARCH ON NANOTECHNOLOGY" and their application to biomedical engineering.
- Apply engineering and physics concepts to the nano-scale and non-continuum domain.
- Identify and compare state-of-the-art nanofabrication methods and perform a critical analysis of the research literature.
- Design processing conditions to engineer functional nanomaterials.

PROGRAMME REPORT

PROGRAMME NAME	A TWO DAY WORKSHOP ON “ RESEARCH ON STUDYING THE ROLE OF ROBOTICS IN THE DEVELOPMENT OF SMART INDUSTRIES AND AGRICULTURAL SECTOR”
RESOURCE PERSON	Mr. K.VIJAYA KUMAR, E-mail; kvijaykumar0987@gmail.com Cell no; 8712345043, College ;Eswar college of engineering and technology.
DATE OF ACTIVITY	27/02/2019 TO 28/02/2019
ORGANIZED BY	A.M. Reddy Memorial College Of Engineering And Technology
VENUE	Seminar Hall
NUMBER OF PARTICIPANTS	32

OBJECTIVE:

1. To provide an introduction to Robotics and Automation including robot classification, design and selection, analysis and applications in industry.
2. To provide information on various types of end effectors, their design, interfacing and selection.
3. To provide the details of operations for a variety of sensory devices that are used on robot , the meaning of sensing, classification of sensor, that measure position, velocity & acceleration of robot joint.
4. To familiarize the basic concepts of transformations performed by robot.
5. To perform kinematics and to gain knowledge on programming of robots.

OUTCOME:

1. Understand basic components of robotics, classification of robots and their applications.
2. Know types of robot grippers, their usage and design considerations.
3. Understand about various types of sensory devices their working and applications.
4. Apply basic transformations related to the movement of manipulator.

CHAIRMAN

Aturi Srinivasa Reddy Chairman
At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

SECRETARY

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

Narasaraopet (Mdl), Guntur (Dr)

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers.

Conducting high quality research,

developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life.

Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

ABOUT US:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

PROGRAMME REPORT

PROGRAMME NAME	"A TWO DAYS WORKSHOP ON ENTREPRENEURSHIP ON TEAM BUILDING AND COHESION"
RESOURCE PERSON	A.SRINIVASA RAO, Asst.prof, GEC Guntur, cell:9492979347 e-mail: srinu.veeru@gmail.com
DATE OF ACTIVITY	27/02/2019 to 28/02/2019
ORGANIZED BY	Department of Electrical And Electronics Engineering
VENUE	Lecture Hall 304

OBJECTIVE OF THE WORKSHOP:

Team cohesion means that group members don't just respect one another, they also trust each other to contribute equally, support each other, and work within the team with the whole in mind.

OUTCOMES OF THE WORKSHOP:

Group cohesiveness can help develop effective communication and foster meaningful relationships among peers. Groups typically communicate regularly to measure progress, assign tasks and understand the group's goals.

NUMBER OF STUDENTS PARTICIPATED: 34

FEEDBACK: Good

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRNT), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

• Introduction:

Objectives:

- To implement Virtualization
- To implement Task Scheduling algorithms
- Apply Map-Reduce concept to applications
- To build Private Cloud
- Broadly educate to know the impact of engineering on legal and societal issues involved

Outcomes:

- Interpret the key dimensions of the challenge of Cloud Computing
- Examine the economics, financial, and technological implications for selecting cloud computing for own organization
- Assessing the financial, technological, and organizational capacity of employer's for actively initiating and installing cloud-based applications
- Evaluate own organizations' needs for capacity building and training in cloud computing related IT areas
- Illustrate Virtualization for Data-Center Automation

2 Course content:

Introduction to AWS, AWS Core Concepts, Compute and Related Features ,Storage Services VPC Networking and Content Delivery ,Databases Security and IAM, Serverless and Application Services,Monitoring and Automation, Container Service

Resource persons:

V.V.B.Chari, M.Tech
Associate Professor
Department of CSE
PNC & Vijay College of Engineering & Technology

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at students hostel on demand.

Registration fee:

Free

Scheduled date:

Introduction:

OBJECTIVES:

GPS and GSM based Tracking systems are useful in providing exact location of any device they are attached to. In this course you will build a GPS and GSM based Tracker using Arduino which can send continuous updates about the position on google maps in your mobile phone or computer. While building your project you will learn practically about the working of GPS modules, antennas, GSM modules and mobile communication

OUTCOMES:

- Build your own GPS and GSM based tracker
- Work with GPS modules, antenna and GSM modules
- Develop the project using Arduino development board
- Implement Arduino programming for functioning of project
- Set up live maps as part of tracking system

Course content:

Microcontroller
GPS module.
GSM modem.
Vehicle Tracking System using GPS.
Construction and Testing...

A TWO DAY WORKSHOP ON "RESEARCH ON GPS & GSM BASED TRACKER SYSTEM"

Presented By :

Mr. K. SANJEEVA RAO

Asst. prof.

Dept of ECE

Date: 14-03-2019 to 15-03-2019

Web : www.amreddyengineering.ac.in, E.mail: principal.amreddyengineering@gmail.com**PROGRAM REPORT**

NAME OF THE EVENT : "A TWO DAY WORKSHOP RESEARCH
ON GPS&GSM BASED TRACKER DEVICE"
ORGANIZED BY : Department Of ECE
DATES : 14-03-2019 TO 15-03-2019
NUMBER OF DAYS : 02
VENUE : Room NO 313
RESOURCE PERSON : K. Sanjeeva Rao,
Assistant Professor,
Department of ECE
CR COLLEGE OF ENGINEERING

NUMBER OF PARTICIPANTS : 37**TOPICS COVERED** :

- Car Accident & Alcohol Detector & Recorder Blackbox.
- IOT Water Pollution Monitor RC Boat.
- Mountain Climber Health & GPS Tracker.
- Arduino Alcohol Sense Engine Lock.
- IOT based Three Phase Power Failure Monitoring with SMS Alerts

PROGRAM OUTCOMES :

- Build your own GPS and GSM based tracker
- Work with GPS modules, antenna and GSM modules
- Develop the project using Arduino development board
- Implement Arduino programming for functioning of project
- Set up live maps as part of tracking system

FEEDBACK

: Good
